About Dawn

Dawn Kitchen and Bath Products, Inc. is an American company established in San Francisco, California in 2003. Our factory has over 30 years of manufacturing experience in Stainless Steel Products, Solid Brass Faucets, Bathroom Decor, and TSCA Title VI Vanities. Dawn is proud to bring their designs and innovations to Residential, Hospitality and many other market fields.

We are a family owned company, dedicated to serve The United States of America, Canada, Mexico, Central and South America.

Dawn products are designed to create a harmonious combination of pragmatism and elegance. Considering the kitchen and bathroom the soul of a home, Dawn brings function and aesthetics together to make these spaces comfortable and enjoyable. With modern facilities and innovative techniques, Dawn prides itself on its passion and dedication to delivering satisfaction to daily life.

Dawn Products

Dawn kitchen sinks are formed from 16, 18 or 20 gauge 304 type stainless steel reinforced with satin polished finish and sound absorption pads to ensure durability, hygiene and longevity. They are of smooth and contemporary design to compliment any home. Sink accessories, such as cutting boards, bottom grids, colanders and trays, maximize the performance and productivity of the work space.

Dawn faucets and showers are made of solid brass and plated with chrome or brushed nickel to provide reliability and durability. They come in classic and modern styles with various functions to suit and enhance the visual landscape of a home. Constructed with ceramic disc cartridges which are manufactured in Europe, by the same company that provides cartridges for other brand-name companies. The faucets are durable over the long run in a broader variety of water conditions. The showers are equipped with different spray settings and easy-to-clean spray nozzles to create extraordinary showering experience.

Our Shower Drains are of superior workmanship to ensure the highest quality and are available in various styles to suit the décor of your home. Crafted from 6-, 9-, 11-, 14-, or 18-gauge 304-type stainless steel, they are durable and long lasting, and offer light to heavy duty solutions with excellent flow capacity. The satin polished finish guarantees smooth surfaces, safe drainage, and high hygiene. They are highly resistant to temperature variations and easy to install in almost any kind of construction project.

Dawn Shower Niches offer practical convenience by providing an ideal space for shower products. Featuring waterproof functionality, our niches not only save space, but they can also be tiled to match the surrounding shower walls.

Dawn shower and bath accessories come in both stainless steel and solid brass construction with different styles to create customized bathroom spaces with diverse tastes and styles. Designed to prevent wear and tear, they are easy and durable for everyday use and nearly maintenance free.

Our LED Mirrors are with different light settings, dimensions and applications will provide that additional “touch” to your Bathroom project.

Dawn Vanities come in an array of styles to compliment your design preferences. Our vanities are shipped fully assembled with pre-cut plumbing holes. They are constructed of hardwood materials, with selected natural engineered stone and ceramic tops. Dawn vessel sinks are engraved, tempered finished, hand painted, and formed from glass or ceramic. Our vessel sinks compliment the latest trends in both modern and traditional bathrooms while still maintaining their unique attributes.

Dawn products are certified by CUPC to ensure all North American plumbing codes and the U.S. standards for strength and quality are met.

Corporate Manufacture, China

Dawn® Stainless Steel Sinks

Primary Line

General Features:

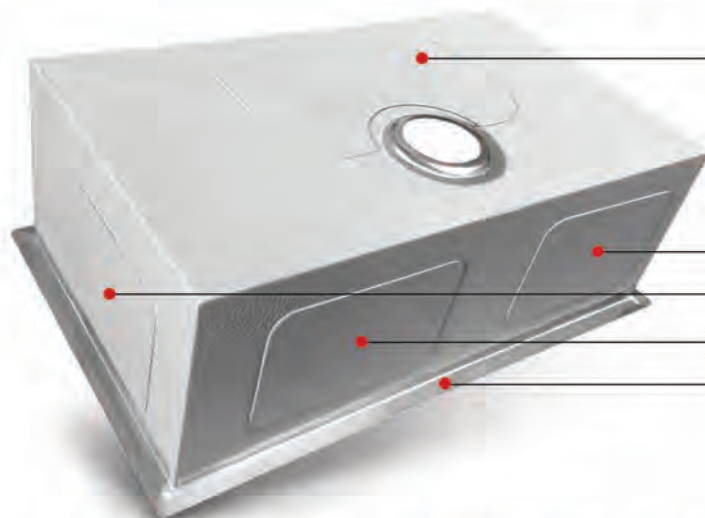

- Premium grade of T-304 stainless steel, non-porous, hygienic, rust-free, and durable. 18/10 and 18/8 Chrome-Nickel content to provide luster, durability and strength.
- Elegant satin polished finish, creating an enduring luster resistant to water stains and calcium deposits.
- Gauge sizes vary in different sink models. We carry sinks in 16, 18, and 20 gauge (durable thick steel).
- Rear drain placement creates a more useable sink bottom.
- cUPC certified, ensuring all North American plumbing codes and the U.S. standards for strength and quality have been met.

Butt Welding: the joints on the sink rim are butt welded.

Grinding & Buffing: a grinding machine is used to grind and buff the sink to ensure an even surface and a fine, brushed finish.

Material Details:

- Sinks are equipped with sound absorption pads underneath the bowl to soften the noise of water dripping into the sink.
- Sound absorption pads to eliminate unwanted sounds (materials: rubber, asphalt, lime, and ecoglué).
- An environment-friendly layer of anti-seepage and anti-condensation coating to prevent water droplets forming when cold food is placed in the sink.

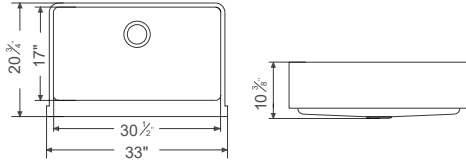

The materials used to manufacture the sound absorption pad are rubber, asphalt, lime, and ecoglué. There is a coat of glue on the bottom side of the pad which adheres to the back of the sink.

When applying the pad to the sink, a roller is used to flatten or even out the pad.

- **Handcrafted Workmanship**
- **Quality Guaranteed**
- **Limited Lifetime Warranty**
